The Verona Elementary teachers enjoyed having five high school girls in the Jets program this year. It gives students a chance to view the field of education as a possible career of the future. Pictures depict some of their duties.

The walls in Grades One and Two are bulging this year as we crowd in 20 enthusiastic students. We started the year with 22 students but lost Tiffany Holman and Darla Hagen when they moved away.

High points of the year are the weeks we get the computer and our annual plays put on in May.

Eleven third and fourth graders began the '87-'88 school year. In November, Christopher Ragan moved to Valley City. The 3rd and 4th graders were busy this year learning how to cursive write, and how to multiply and divide. The fourth graders started in band and are sounding great!

Playing the computer, making things in art and going to phy. ed. and having pizza are some of the favorite activities of the 3rd and 4th graders.

Reading stories and giving book reports throughout the school year was exciting too.

The rambunctious fifth and sixth grades were busy all year with art projects, various subjects, and holiday parties. Both parties were planned and run by the students. The students favorite class this year was Phy. Ed. They loved competing girls against the boys. The students have also been working very hard in band. They are sounding very good. The classes have been giving book reports this year. They have learned that reading is more enjoyable than they thought. The highlights of their year was the Jump-Rope-A-Thon.

Being at the bottom of the ladder does have its problems. Almost all of the boys have been stuck in the garbage can by the upperclassMEN. These upperclassmen don't believe in going to the store to get school supplies. They just go to our lockers (and what they don't take, we seem to lose!)

We were all involved in basketball. Missy and Karla were cheerleaders. Nancy was student manager. The boys were pleased with their first place win at the Dickey Central "C" squad tournament!

Home Ec. was very educational. We finally passed even though our pepperoni bread blew up in the oven and we often got more flour on each other than in the pan!

All in all, the high school side kept us moving so the year went by very fast.

Our 8th grade year turned out to be a lot better than 7th grade..there was a least one class lower than us that we could push around. The girls are sure out numbered this year since Reva Maley moved to Oakes—even the boys miss picking on "spud".

Basketball season was rewarding for our whole class. It was depressing when we had to play against seniors, but against teams our own age, we were impressive!

We were successful in our fundraiser—in spite of ourselves! Even though we lost raffle tickets and money and put off selling until the very last minute, we finally raised enough to pay for the scooter and make some profit, too!

This pretty much sums up the year (at least the parts that are not incriminating!) Next year we plan to hit new heights..well, at least two lower classes.

FRESHMEN

Now we are more than just a number, we have a title - Freshman. Maybe we should say Freshwomen since we lost our only male, Jason, early in the year. The first year of High School has been rough because of our full schedule, endless nights of homework and six grueling hours of behind-the-wheel training with Mr. Kretchman.

Freshman Initiation, our grand entrance into H.S., turned out to be a dismal shower of paint, unidentifiable goop, and yes, more paint. Five of us participated in the Freshman Basketball Tourney in Fargo. Coach Kretchman evidently thought he had a team of camels since he overlooked our need for H₂O! It was an experience we will never forget! To break the monotony of the winter months, a secret society was organized to strike innocent victims and leave the brand of...THE ICF HOT GANG.

We may be small in numbers but we made good progress this year in raising money. Selling food items seems to be our strong point. We raffled off a \$50 grocery certificate and sold chocolate bunnies in the spring.

We had a great time planning initiation, but found out like others before us that it is more fun to be initiated than to initiate.

We have lost half our class over the years, but keep in touch with former classmate, Helen Long, at nearby LaMoure.

We have the reputation of knowing everything that is going on in a twenty mile radius—but then someone has to stay on top of things. Talking is our strong point - we LOVE IT!!!

JUNIORS

The class of 1989 is one of the wealthiest at VHS. Our originality and expertise in sales has helped us toward our goals. Over the past five years we've sold wooden baskets we made in shop class, crystal jewelry, stuffed Easter animals, magazines, dinners and several raffles.

In our Sophomore year we tried something new and started the "Soup and Salad" Luncheon. The community's support was overwhelming and this became a great success. Another source of income came from concessions which we split with the seniors. We are looking forward to our class play "Here Comes Charlie" to be held in April and to the Junior Senior Outing which is entitled "Moments and Memories." Our banquet will be on the boat as we cruise around Detroit Lakes and we will stay at the Holiday Inn. We take pride in the fact that we get along well as a whole. Our class has donated to Senior citizens and we've also helped sponsor the spring dance along with other classes.

The 1987 Girl's season was approached with cautious optimism. We had lost our two top scorers but had a lot of girls back with experience. With only one senior we were very young, but very quick and aggressive. We finished the year at 3-17 which was disappointing in terms of wins, but not in the improvement we saw through the year. The 1988 team will have 12 players who have seen varsity action and we are looking forward to next season very much. Watch out for the Cardinals!

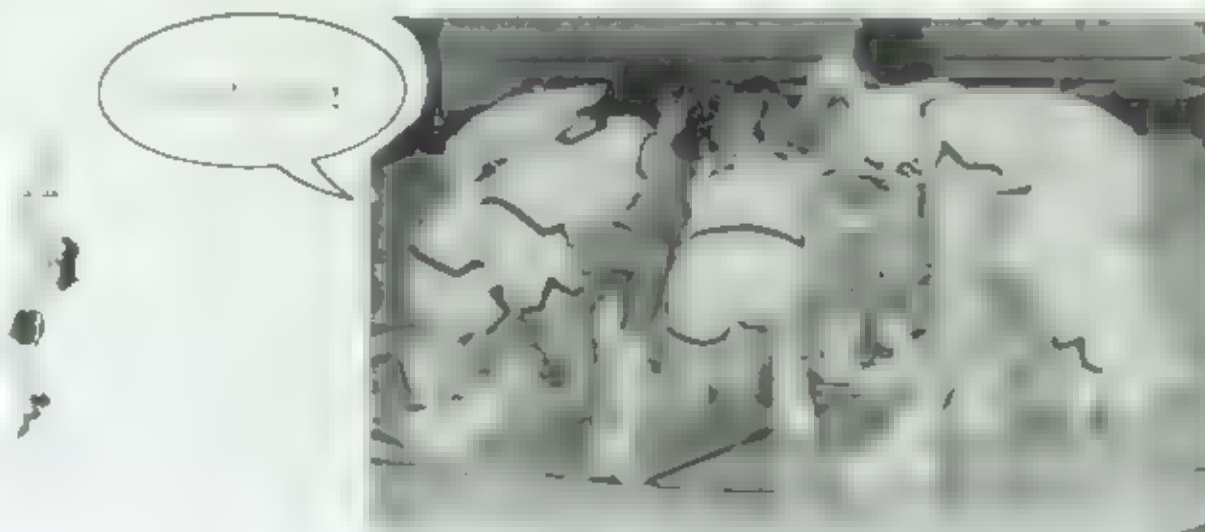

- Coach Bates

Hot on the press, and hustle.

The girl's "B" team consisted mostly of 7 & 8th graders, so we were very young. They practiced hard all year with hopes of improving their 2-14 record for next year.

Our 1987-88 season had one goal in mind - win a varsity game. We achieved that goal on Jan. 8 with a win over Dickey Central. Our 4 seniors deserved the win after the long years of hard work. Another highlight was Steve scoring his 1,000th career point. Many young players got alot of varsity experience that should help them in years to come. The record of 2-18 shows many losses, but the 1987-88 Cardinal team had only winners.

"B" Cheerleaders: Karla Schiffner, Tonya Raatz, Marisa Maley and Jule' Laney

Marlene-My most embarrassing moment in cheerleading was our first game at Montpelier. We went out to do our school song without a band and made total fools out of ourselves.

Lisa-There were both good times and bad times in cheerleading this year. The worst was the time I tripped while doing the school song during the pep rally. The best was our victory over Dickey Central.

Kim-I really had a blast cheering this year. I remember one of our most embarrassing moments! We gave 15 "Raahs" for Bobby, and it was Kevin that fouled out! HA! That was one of those home games when EVERYONE was there!!

Janelle-This year cheering was really an experience to remember! One of the funniest times for me was when Lisa and I both started the same cheer, stopped, looked at each other, and laughed at nothing at all. We were both laughing so hard; we had tears rolling down our cheeks!!

Val-The things I remember most about cheerleading was my constantly growing fear of missing the bus and making up new cheers about ten minutes before our District B-Ball Game.

KRISTEN- As a cheerleader, I often made some real boo-boos, but I enjoy leading the crowd in team yells and getting to know fellow cheerleaders from other towns. My most embarrassing and most painful experience this year was when I was about to jump and Janelle decided to kick her leg at the same time. Needless to say, our legs collided in a mad crash. All in all, it was great!!!

TRACK AND FIELD

The Girl's Track team had a very good year consisting mostly of Junior High students. The team placed 2nd at the Quad County Conference meet in Valley City. Several of the girls also placed at the Region meet in Jamestown.

The Boy's Track Team were few in number but worked hard all year anyway. They also had someone place at the Region meet.

We are looking forward to a better season in 1988!

JUMP-ROPE-A-THON

On behalf of the American Heart Association, the elementary physical education sponsored Verona's first Jump-Rope-A-Thon in February.

The students raised over \$700 for the cause and each student received jump ropes for participating.

There were seven teams made up of seven students. They jumped two at a time for a total of 180 minutes.

Celebrity jumpers consisted of parents, teachers, business personnel and high school students. Students got involved with lip-sings and etc.

Top pledges were received by Dustin Gebhardt, Erin Haugen and Loretta Hogness.

The children enjoyed a light lunch and movie after the event.

Pep Club

The Verona Pep Club is a very active organization. Each year they sponsor the Tom Watt Project that raises enough revenue to support many worthwhile activities for its members. Top sales people are awarded prizes and some of the profit goes towards cheerleading uniforms.

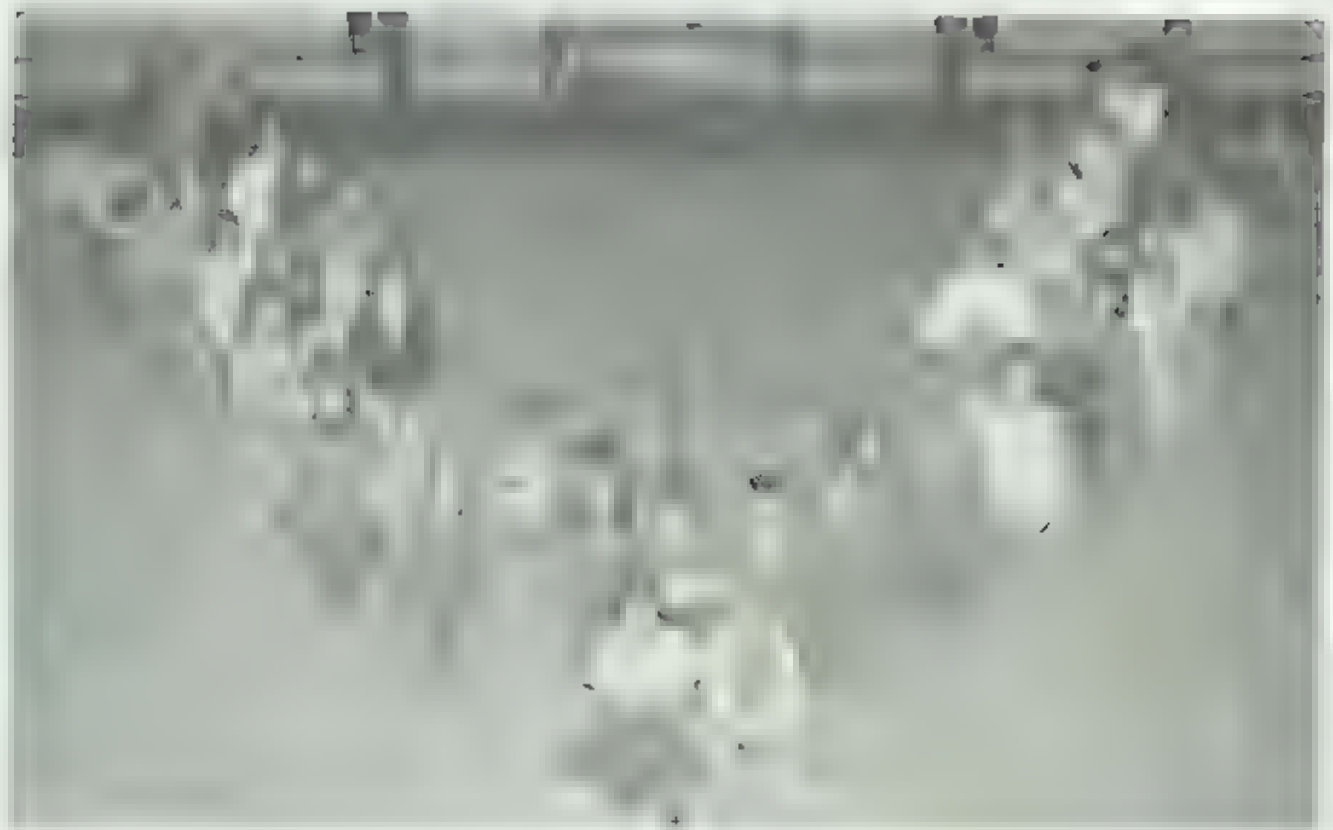

They co-sponsor "Mistletoe Magic" which is a pre-Christmas celebration for students and parent alike. The Pep Club pays for admission prices for all district patrons and after the game everyone is treated to Christmas goodies.

Grades 7-12 look forward to a "pizza bash" after the district tourney at Pizza Hut in Valley City. Would you believe 15 large pizzas and several pitchers of pop!

In the spring, they sponsor the Athletic-Academic Banquet. They pay the cost of the guest speaker and for each student's meals. 1987's guest speaker was Pat Smyskowski, outstanding guard for the NDSU Basketball Team.

HOME ECONOMICS

Home Economics was reinstated in the curriculum in 1984 after an absence of several years. Home Ec. today concentrates on studying all aspects of life that contribute to successful living—individuals, families, relationships, consumerism, housing, personality, nutrition, meal preparation, grooming, sewing basics, decision making and career preparations.

Our first major project was redecorating the Home Ec. room AFTER studying the principles and elements of design. Other very rewarding projects have included three dynamic fashion shows, the Mistletoe Magic Teas, and a NET Grant of \$500 which enabled students to teach K-6 students about good nutrition, and giving the girl's restrooms a facelift.

Besides surviving the food labs (pizza and pepperoni bread being the favorites), students have learned that there is more to Home Ec. than JUST cooking and sewing. Home Ec.'s goals have been to build self-esteem and to challenge students to become the best they can be.

Elementary Music

The Verona Music Department has presented a variety of special music concerts.

The elementary students (Grades 1-6) give concerts at Christmas and in the spring. They sing special numbers as grades and start band at the fourth grade level.

A special operetta called "Santa and the Snowmobile" was given the Christmas of '87. They enjoyed adding choreography and color to some of their numbers as well -- who will ever forget the rhythm band, the square dancing cowboys and gals, the flashing Christmas tree, goblins of Halloween, and others.

1st & 2nd Grades

3rd & 4th Grades

5th Grade

"Let it snow", "Let it snow", "Let it snow".

"I Love Christmas" was presented by the Jr. & Sr. High Chorus this year. The students did an excellent job on choreography and singing--making the presentation enjoyable for all attending. The choral revue consisted of twelve familiar Christmas songs. Special numbers included soloists Brook Townley and Jill Lau, a trio made up of Val Coit, Kim Borgen and Janelle Sorby and special characters--Frosty The Snowman - Jule' Laney and Rudolph The Red Nose Reindeer - Missy Maley. In the spring of 1987 this chorus presented the musical show "Disney Spectacular" in celebration of Disney's 100th Birthday.

Soloists: B. Townley & J. Lau
